If you think there is an error on your statement, write to us (on a separate sheet) at our address shown on the front page of this statement as soon as possible. In your letter, give us the following information:

- Account information: Your name and account number.
- Dollar amount: The dollar amount of the suspected error.
- Description of Problem: If you think there is an error on your bill, describe what you believe is wrong and why you believe it is a mistake.

You must contact us within 60 days after the error appeared on your statement. You must notify us of any potential errors in writing [or electronically]. You may call us, but if you do we are not required to investigate any potential errors, and

you may have to pay the amount in question. While we investigate whether or not there has been an error, the following are true:

- We cannot try to collect the amount in question, or report you as delinquent on that amount.
- The charge in question may remain on your statement, and we may continue to charge you interest on that amount. But, if we determine that we made a mistake, you will not have to pay the amount in question or any interest or other fees related to that amount.
- While you do not have to pay the amount in question, you are responsible for the remainder of your balance.
- We can apply any unpaid amount against your credit limit.

PAYMENT INFORMATION - Please mail or deliver your payment to the financial institution at the address indicated on the reverse side hereof. Payments received on weekends and holidays will be credited the next business day. Payments received after your closing date will appear on your next statement. If the financial institution has been authorized to deduct the minimum payment from your Account, it will be deducted and credited to your Account as of the date shown on the reverse side hereof. To avoid additional INTEREST CHARGES, pay your balance in full. Please call the financial institution for the exact balance as the balance changes daily.

INTEREST CHARGE - The INTEREST CHARGE on your account is calculated by applying the different PERIODIC RATES to the appropriate range of the outstanding daily balance of your account. The outstanding daily balance is calculated by using the beginning balance of your account each day, adding any new advances or debits, and subtracting any payments or credits. The INTEREST CHARGE may be determined as follows:

1. Using the rate ranges, separate the outstanding daily balance into appropriate range amounts.
2. Multiply each outstanding daily balance by the applicable periodic rate.
3. Multiply each of these results by the number of days the applicable rate was in effect.
4. Add the results of step #3 together.

USE OF THE AVERAGE DAILY BALANCE - If the daily balances are not shown on your statement, the average daily balance may be used. The average daily balance is or can be multiplied by the number of days in the billing cycle and the periodic rate applied to the product to determine the amount of the interest charge. To calculate the average daily balance, all of the daily balances for the billing cycle are added up, and the total is divided by the number of days in the billing cycle. The INTEREST CHARGE is or may be determined as follows:

1. Multiplying each of the average balances by the number of days in the billing cycle (or if the daily rate varied during the cycle, by multiplying by the number of days the applicable rate was in effect).
2. Multiplying each of the results by the applicable periodic rate, and adding these products together.
